

2557 West Woodland Drive
Anaheim, California 92801
Tel: (714) 527-2822 Fax: (714) 527-3868

Magnetic Products (Inductors, Transformers, Filters, Toroids, Chokes, SMT Chip), Precision, GP and Panel Potentiometers, Trimmers and Microcircuits Modules.

Provider of solutions for imaging, video, audio, and Internet connectivity applications. Includes comprehensive suite of solutions for fax machines, multifunction printers, and digital photo frames; components & systems solutions for PCTV & video surveillance applications, Audio targeting personal computers, speakers, subsystems.

Provider of Bluetooth, Mobile 802.11 & GPS single chip solutions. UniFi chip set is for all mobile 802.11a, B or G environments. Echo & Noise Suppression software for voice related applications: BlueCore available in multiple variants for all market applications,

Mappers, Framers, LIU's for SONET/SDH, DS3/E3/STS-1, T1/E1/J1. Clock Gen, Frequency Multipliers & PLL's, Single-Chip AFEs. Power Management ICs; LDO's, DC/DC Switching Regulators, PWM Controllers, Charge Pumps & VLED drivers. RS-232, RS-485, high speed, differential transceivers & dual and multi-protocol transceivers.

Single board computers, Industrial/ Embedded motherboards. Chassis, Micro computer systems, Industrial communication devices.

Leader of Resistor & Passive Components. Resistors, Resistor Networks; Capacitors – Axial, Ceramic, and Inductors.

8-Bit, 16-Bit and 32-Bit microcontrollers, with flexible memory technologies and comprehensive development tools. PIC MCUs and dsPIC support migration; Analog products with focus on power management, thermal management, linear and mixed-signal solutions; broadest EEPROMS memory products.

Industrial PC Systems built to Customer Specifications, on a Total Turn-Key or Contract Management basis. So. California based. ISO 9001-2000 Certified, Responsive, Flexible and Cost Effective.

Radian Heatsinks

Provides value-added thermal design solutions for the advanced microelectronics and components industries worldwide.

SANYO DENKI

AC & DC Fan, Blower, CPU Coolers, Long Life DC Fans, Thermal Control Fans, Environmental Protected Fans, Added Valued Services and Fan Accessories.

Mfg. of hydraulic-magnetic protectors & circuit breakers, mechanical power switches, silver link fuses, ground fault interrupters, ground fault sensing modules, bimetal disc thermostats and battery disconnect units.

Products include EMI Filtered D-Subs, Filter Plates, Modular Jacks, Terminal Blocks & Filtered Arrays, Power Entry Modules, Multisection & Custom Power Distribution Filters & Discrete EMI Filters.

Visible LED, Optoelectronics, Fiber Optic and Magnetic (Hall Effect) Sensors.

Aluminum Electrolytic Capacitors, Multilayer Ceramic Capacitors, Electronic Film Capacitors, Tantalum and Aluminum Polymer Capacitors, Metal Oxide Varistors.

Custom and off the shelf membrane switches; rubber keypads; Duraswitch assemblies; Human Interface Panels. U.S. engineering and U.S./Asian manufacturing.

World class Wiring Harness manufacturer, specialized in ODM/OEM standard & custom cable development with overmolding capabilities for customers throughout industries such as, PC, IT, Telecom, Gaming, Automation, Medical, Automotive, & Military. Holds UL/CSA, ISO, TS16949, and FDA certificate.
